# EUROPEAN PRODUCT GUIDE

# WE SERVE THE MEN & WOMEN WHO RISK THEIR LIVES TO PROTECT US

With over 35 years of leadership in tactical footwear, Bates has the backs of those who put it all on the line to protect. Everything we make delivers start to finish comfort, relentless durability and tactical performance. That's why first responders and military personnel everywhere trust Bates to get the job done.

DESIGNED FOR DUTY

## TECHNOLOGY ICONS:

**GORE-TEX®** – Footwear is waterproof and breathable. The GORE-TEX® lining allows moisture vapor (sweat) to escape while eliminating liquid penetration. Guaranteed to keep you dry™.

**Vibram®** – Comfort, traction and durability. Vibram® is recognized worldwide as the leader in high performance outsole products.

**DRYGuard™** – An innovative waterproof, breathable technology that keeps your feet dry and comfortable longer.

**DRYGuard™ Plus** – The ultimate waterproof technology featuring our most breathable membrane for maximum breathability and comfort.

**OPS10** – Gives you athletic performance with uncompromising durability

**Bates Individual Comfort System** – Contains an adjustable disk to customize comfort among four zones.

**Water Resistant** – Footwear features waterproof leather and is seam sealed for water resistance.

**Side Zipper** – Side zipper allows for ease and speed in taking off and putting on footwear.

**Slip Resistant** – Footwear has passed the SATRA WTM 144 test for slip resistance.

**ATHLETIC FIT & FEEL**

10mm heel drop Strobel construction for flexibility and cushion

**ORTHOLITE® X-40**

High impact foam insert returns energy

**INTERNAL MIDSOLE**

Uniquely designed for shock absorption and stability

**VIBRAM®**

Reinforced rubber outsole provides superior traction and durability
